### 3. Overview of the study

The role of micro, small and medium enterprises (MSMEs) in the economic and social development of the country is well established. The MSME sector is a nursery of entrepreneurship, often driven by individual creativity and innovation. As per the NSSO survey 2015-16, the total number of MSMEs in India are 6.3 crore employing over 111 million persons. It is the second largest employer after agriculture. The sector accounts for 45% of total industrial production and contributes 30% of the country's GDP. The contribution of MSMEs in total export from the country was approx. 45% in F.Y. 2021-22. The contribution from MSME sector total export is estimated on the basis of export from 454 items at 4digit level HS codes. The list of these 454 items along with 4digit level is attached.

The products produced by MSME sector, like leather, plastic, medicaments, auto-components, engineering items, polished gems & jewellery, sports goods, readymade garments, woollen, chemicals and allied products, pharmaceuticals, garments, processed food, handlooms, handicrafts, machinery & equipment & devices, Khadi & coir products, essential oils and knitwear products etc. are contributing significantly in exports and have also an excellent scope for further enhancing exports from the sector.

### 4. Initiatives by the Ministry

For more focused attention on the development of micro, small and medium enterprises, the Ministry of MSME and its attached organizations have launched several schemes and programmes that provide:

- Adequate flow of credit from financial institutions/banks;
- Support for technology upgradation and modernization;
- Integrated infrastructural facilities;
- Modern testing facilities and quality certification;
- Access to modern management practices;
- Entrepreneurship development and skill upgradation through relevant training facilities;
- Support for product development, design intervention and packaging;
- Welfare of artisans and workers;

- Assistance for better access to domestic and export markets;
- Cluster-wise measures to promote capacity-building and empowerment of the units and their collectives;

## **5. Challenges faced by MSMEs**

Over the years, even in the COVID pandemic period, MSME sector has demonstrated remarkable resilience in the face of trying global and domestic economic circumstances. However, from the aspect of exporting goods and services in the international market, the sector is faced with several challenges which include:

### **i. Awareness/ Know how**

- Limited information about products & services in demand
- Working of the foreign markets; in particular difficulties in accessing export distribution channels and in connecting with overseas customers
- Lack of awareness on export promotion and assistance programmes offered by the government
- Unfamiliarity with legal and regulatory frameworks of the exporting and importing countries
- Inadequate awareness on IPR issues and various International Trade Agreements (ITAs), Quality Restrictions etc.

### **ii. Finance**

- Access to affordable trade finance
- Costly product standards and certification procedures
- Logistics cost – airport and shipping costs etc.

### **iii. Technology**

- Lack of innovation, low-value addition and poor packaging due to low level of technology adoption
- Unable to meet importer's quality standards and establishing suitable design and image for the export market Documentation
- Time-consuming and cumbersome documentation processes required to comply with foreign and domestic market regulations

## **6. Purpose of the Study**

Despite a substantial share in overall exports, MSMEs are often faced with above challenges while venturing into the foreign market. Not only do these challenges need to be studied in

detail but, an eco-system needs to be created in such a way that these enterprises shall be able to participate in the global value chain on its own and generate enough economies of scale.

## **7. Terms of Reference**

## **13. Submission Process**

Willing and interested Organizations desirous of undertaking the study may submit their two-part bid as technical and financial bids as per extant procedure elaborated in this document. The procedure for online submission of bids may be seen at Annexure 7.

In order to submit the bid, bidders may first register themselves online at <http://eprocure.sov.in> as a one-time activity, in the e-Procurement portal with a valid DSC before they can file their e-Tender. The registration should be in the name of the bidder, whereas DSC holder may be either the bidder himself or a duly authorized person. The bidders will have to accept, unconditionally, the online user portal agreement which contains all the terms and conditions of Note Inviting Tender (NIT) including commercial and general terms and conditions and other conditions, if any, along with an online undertaking in support of the authenticity of the declarations regarding facts, figures, information, and documents furnished by the bidder online. The bidders need to submit their technical and financial bids online. Online bids complete in all respects should be submitted through CPP Portal <https://eprocure.gov.in/eprocure/app> only on or before the last date and time. No Manual bids will be accepted.

#### **14. Technical Proposals**

The technical proposal must elucidate the experience of the firm relevant to the present assignment. It should describe in a precise and concise manner the approach and methodology for the execution of the said assignment including questionnaire. The technical proposal must also contain detailed Curriculum Vitae of Experts who will be involved in the conduct of the assignment covering the relevant areas of expertise such as project management, evaluation, impact assessment, data analysis etc.

The above team is to be supported by surveyors for data collection and other support staff as necessary. The Technical proposal must not have any financial information, whatsoever.

#### **15. Financial Proposal**

The financial proposal should give details about the consultation charges. The consultants must hold their proposals valid for 90 days from the date of submission of the proposal.

#### **16. Evaluation of Proposals**

Final evaluation of the bid will be based upon the final technical scoring and financial scoring through Combined Quality-Cum-Cost-Based System (CQCCBS) where Technical Bid Score will get a weight age of 70% and Financial Bid Score a weight age of 30%.

**(i) The technical bids will be evaluated first on the following criteria:**

- |  |           |
|--|-----------|
| A. Experience of the firm in conducting Survey/Studies | = 15Marks |
| B. National Level Survey                               | = 05Marks |

- |   |            |
|---|------------|
| C. Approach and Methodology for the conduct of the assignment | = 50 Marks |
| D. Experience & Expertise of proposed personnel               | = 30 Marks |

For qualifying, the firm needs to score a minimum of 70% marks in the technical evaluation.

- ii. Financial bids of only the technically qualified firms will be opened on a designated date in the presence of bidders. The financial bids of the unqualified bidders will be kept sealed.

➤ The lowest financial proposal (FP<sub>min</sub>) will be given a score of 100 points. The financial scores of the other financial proposals (SF) will be calculated as:

➤  $SF = 100 \times FP_{min} / FP$

(S<sub>F</sub>) = Financial score of other financial proposals

FP<sub>min</sub> = Price of lowest financial proposal

FP = Price of the proposal under consideration

➤ The weights given to Technical and Financial proposals are WT= 0.70 and WF= 0.30 respectively.

➤ Proposals will be ranked according to their combined technical and financial scores using the weights mentioned above.

$$S = S_T \times W_T + S_F \times W_F$$

Where, S = Final combined score

S<sub>T</sub> – Technical Score

W<sub>T</sub> = Weight given to technical score

S<sub>F</sub> = Financial Score

W<sub>F</sub> = weight given to financial score

➤ The firm achieving the highest combined technical and financial scores would be awarded the assignment.

**17. In the event of a tie in the final combined score, the consultants having the lower financial quote amongst the two would be given preference and would be called for negotiation.**

#### **18. Documents to be submitted**

(NOTE: The above may be kept in mind while preparing the cost estimates. Payment with retrospective effect for the work already done before the submission of the research proposal will not be permissible. Please see Annexure 5).

**25. Treatment of discrepancies**

Where there is a discrepancy between amounts in figures and in words, the amount in words will govern. If a Bidder refuses to accept the correction, his Bid will be rejected.

**26. Corrupt and fraudulent practices**

The Department will reject a proposal for award if it determines that bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question. The bidder is liable to be blacklisted in such an event.

**27. Letter of award and contract agreement**

The Department will issue a Letter of Award (LoA) to the successful bidder in duplicate mentioning in brief rates, terms & conditions. The acceptance and return of one copy of the LoA duly signed as token of acceptance will be construed as entry into the contract by both parties. The contract agreement as per SS&PR guideline will be signed within one week of issue of LoA after submission of the Performance Security as failing which the Department reserves the right to take appropriated decision.

SS&PR guidelines may be downloaded from website of Ministry of MSME and also enclosed as Annexure D.

**28. Ownership of data**

The organization receiving funds for a project shall make suitable arrangements for the preservation of data collected during the study, such as filled in schedules, tabulation or working sheets, reports, photographs etc., relating to the Project, in electronic form and this shall be shared with the Ministry at the time of submission of Final Report. The ownership of all such data shall remain with the Ministry of MSME. All raw data compiled during the study shall be transferred to the Ministry. No data collected in context of the study may be destroyed or otherwise disposed off or given to any other organization/individual, unless so approved by the Ministry.

**29. Subcontracting**

The bidder shall not subcontract or permit anyone other than its personnel to perform any of the work, service or other performance required of the bidder under the contract without the prior written consent of the DBT/DATC Division, Ministry of MSME.

**30. Arbitration**

The Department and selected Bidder will make every effort to resolve amicably, by direct negotiation, any disagreement, or dispute arising between them under or in connection with the work order. If any dispute will arise between parties on aspects not covered by this agreement, or the construction or operation thereof, or the rights, duties or liabilities under these except as to any matters the decision of which is specially provided for by the special conditions, such dispute will be referred to arbitrator, to be appointed by the competent authority appointed by this Ministry and will be final and binding on both the parties. ## **GUIDELINES FOR THE FORMULATION OF TECHNICAL BID**

### **TECHNICAL BID**

Project Directors are requested to furnish a detailed research proposal covering (a) statement of the problem (b) hypotheses to be tested, if any, (c) definition of the key concepts, (d) research design including the universe of study, sampling frame, and sampling procedure, (e) tools to be used in data collection, (f) time schedule, (g) staffing pattern, and (h) estimate of costs.

A research proposal is a sort of a blueprint. Apart from helping the Ministry to process it quickly, a well-conceived research proposal will add to the efficiency in its implementation. Every effort made to formulate a proper research proposal will, therefore, pay rich dividends.

To facilitate the task of the Project Director, in formulating a research proposal, a few detailed guidelines are given below:

#### **I. The title of the Project (in capital letters)**

#### **II. Statement of the problem**

In the opening paragraphs of the research proposal, the problem to be investigated should be presented clearly and briefly. The key originating question(s) and the location of the problem in the theoretical context of the concerned discipline should be specified. Specific mention should be made of the rationale of the approach adopted to study the problem and the specific aims of this project.

While indicating the significance of the problem, the contribution which the proposed study is expected to make to the theory and methodology as well as its practical impact and national relevance should be specifically indicated.

#### **III. A brief overview of work already done in the area of the Proposal.**

A note summarizing the current status of research in the area including major findings and highlighting research gaps should be included in the project proposal.

#### **IV. Objectives of the project as understood by the bidder**

#### **V. Methodology**

In the light of the questions raised in the ToR, full information on the following points should be given:

- Universe of study
- Sampling frame

- Sampling procedure
- Units of observation and sample-size.

An explanation of the determination of size and type of sample will also be necessary. The different types of data that are proposed to be gathered should be specifically mentioned. The sources for each type of data and the tools and techniques that will be used for collecting different types of data should be specified.

For questionnaire or schedule to be used, the following should be indicated:

1. Distribution of the questionnaire or schedule in different sections, e.g., identification particular, questions on various sub-themes, etc.
2. Approximate number of questions to be asked from each respondent
3. Approximate time needed for interview.
4. Coding plan (whether the questions and responses will be pre-coded or not; whether the coding is done for computer or for hand tabulation).

For the interviews, the following details should be given:

1. How are they to be conducted?
2. Particular characteristics that interviews must have:

For the use of observation techniques, describe:

1. The type of observation; participant, quasi-participant, non-participant.
2. Units of observation;
3. Whether this will be the only technique or other techniques will also be employed.

## **VI. Data processing**

The manner in which the different types of data will be processed, the tabulation plan, and the type of data that will be processed through the computer, should be explained in detail.

## **VII. Time budgeting**

The project should be broken up in suitable stages and the time required for completion of each stage of work should be specified, for instance, such stages may cover:

1. Preparatory work, including selection and appointment of staff and their training.
2. Drawing of sample.
3. Tool construction (including their pre-testing and printing)
4. Data collection
5. Data processing (which should include coding, editing, punching, verification, sorting, computer analysis)

6. Data analysis.
7. Report writing.

### **VIII. Organizational Framework**

An organizational chart indicating the positions tasks and number of persons required to fill the different positions should be given.

#### **The following issues need to be borne in mind:**

- The approach and methodology to be adopted by the organization for proposed study is appropriate.
- The Project team has necessary skills in statistical tools of analysis and sampling methodologies.
- Details of statistical tools and applications to be used are indicated in the proposal. The primary data to be collected on the objectively verifiable indicators and factual information
- Organization will use experts /manpower in all regional language /local language as and when required.
- Organization has demonstrated capacity to carry out structured survey/studies
- Organization has capacity to collect and analyze data from variety of sources at disaggregated level.
- Organization has capacity to prepare a feasible and comprehensive study design for evaluation, with data collection tools and analytical framework.
- Organization has capacity to structure data, create electronic databases, and develop output results in appropriate formats.
- Organization has willingness to undertake the assignment in the given timeframe.
- Organization has sufficient infrastructure facilities including office and modern office equipment.
- Organization has ability to develop and prepare all the data collection instruments including questionnaires, checklist for stakeholders, structured Focus Group Discussion format, tabulation plans etc.
- Organization has ability to undertake survey work in all sample districts. Organization has ability to cross/back check of primary data.

**INSTRUCTIONS FOR ONLINE BID SUBMISSION**

The bidders are required to attach soft copies of their bids electronically on the CPP Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the CPP Portal, prepare their bids in accordance with the requirements and submitting their bids online on the CPP Portal.

**REGISTRATION**

- 1) Bidders are required to enroll on the e-Procurement module of the Central Public Procurement Portal (URL: <https://eprocure.gov.in/eprocure/app>) by clicking on the link "Online bidder Enrollment" on the CPP Portal which is free of charge.
- 2) As part of the enrolment process, the bidders will be required to choose a unique username and assign a password for their accounts.
- 3) Bidder has to select the payment option as "offline" to pay EMD as applicable and enter details of the instrument.
- 4) Bidder should prepare the EMD as per the instructions specified in the tender document. The original should be deposited in original in person to the concerned official, latest by the last date of bid submission or as specified in the tender documents. The details of the DD/ any other accepted instrument, physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise the uploaded bid will be rejected.
- 5) Bidders are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication from the CPP Portal.
- 6) Upon enrolment, the bidders will be required to register their valid Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by any Certifying Authority recognized by CCA India (e.g. Sify / TCS / nCode / eMudhra etc.), with their profile.
- 7) Only one valid DSC should be registered by a bidder. Please note that the bidders are responsible to ensure that they do not lend their DSC's to others which may lead to misuse.
- 8) Bidder then logs in to the site through the secured log-in by entering their user ID / password and the password of the DSC / e-Token.

**SEARCHING FOR TENDER DOCUMENTS**

- There are various search options built in the CPP Portal, to facilitate bidders to search active tenders by several parameters. These parameters could include Tender ID, Organization Name, Location, Date, Value, etc. There is also an option of advanced

search for tenders, wherein the bidders may combine a number of search parameters such as Organization Name, Form of Contract, Location, Date, Other keywords etc. to search for a tender published on the CPP Portal.

- 1) Once the bidders have selected the tenders they are interested in, they may download the required documents / tender schedules. These tenders can be moved to the respective 'My Tenders' folder. This would enable the CPP Portal to intimate the bidders through SMS / e-mail in case there is any corrigendum issued to the tender document.
- 2) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification /help from the Helpdesk.

### **PREPARATION OF BIDS**

- 1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.

# **Operational Guidelines for Survey, Studies and Policy Research**

## **(SS&PR) Scheme**

(By merging erstwhile MSME Data Survey Scheme of the Office of DC MSME and SS&PR scheme of the Ministry)

### **1. Background:**

The Survey, Studies and Policy Research (SS&PR) Scheme is a continuing Scheme since IXth Five Year Plan with the objective to study and analyze, on the basis of empirical data and use the results of surveys, evaluation studies and analytical studies for policy research and designing appropriate strategies measures of intervention by the Government. For continuation during the 14th Financial cycle (2017-2021), the SS&PR scheme appraised / approved along with the six schemes (i) SS & PR of Ministry and (ii) SENET, (iii) MSME Database, (IIP – MSME & Survey), (iv) DC (MSME) Library and (v) DC(MSME) Officers Training and (vi) Advertisement & Publicity Scheme of the O/o DC MSME under one umbrella scheme "Data, Survey, Studies, Policy Research and Capacity Building". Accordingly, the operational guideline of the Scheme was issued on 15.10.2018.

At the time of continuation of the SS &PR scheme during the next 15<sup>th</sup> Finance Cycle (2021-22 to 2025-26) it was observed by the SFC that two schemes makes similar sense as the objective of SS&PR Scheme are comparable with the objective of MSME Data Base Scheme viz. (i) upgradation and strengthen of MSME Data Base through Surveys, Studies and Research (ii) Collection of data and data analysis, development of software and web portal for data collection, processing and dissemination (iii) Annual/Quick Survey/Evaluation Studies/ Policy Research on MSME Sector. After thorough discussion and examination both the schemes (SS&PR Scheme and MSME Data Survey Scheme) were merged to avoid duplication and to achieve optimal result for the next 15<sup>th</sup> Finance cycle as the Survey, Studies and Policy Research (SS&PR) Scheme (by merging erstwhile MSME Data Survey Scheme of the Office of DC MSME and SS&PR scheme of the Ministry).

### **2. Objectives:**

The Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades with over 6 crores units, providing employment to more than 11 crores+ people. Accordingly, the efficiency and productivity of MSME is critical to achieve the national objective of US\$ 5 trillion economy. In

order to tap the potential of this sector, suitable policies and measures are to be framed for which availability of a reliable Data Base is the key requirement. This scheme will help in: -

- (i) Regular/periodical collection of relevant and reliable data, from primary, secondary and other sources, on various aspects and features of Micro, Small and Medium Enterprises (MSME) engaged in manufacturing and services/ trading.
- (ii) Study and analyze the constraints and challenges faced by the MSME as well as the opportunities available to them, in the context of liberalization and globalization of the economy.
- (iii) Use the results of these surveys, evaluation studies of scheme for this Ministry and analytical studies for policy research, designing appropriate strategies and measures of intervention by the Government, by itself or in public private partnership mode, to assist and enable these enterprises in facing the challenges and availing and also expanding generation of sustainable employment by them.
- (iv) Obtain data on enterprises owned and/or managed by women, SC/ST and OBC, data for sick, closed and new MSMEs, estimate the size of the unregistered MSME sector, including Khadi & Village Industries and Coir Industries.
- (v) Compilation of Share of MSMEs in Gross Value Added (GVA) and Share of MSMEs in Exports.

### **3. Major Activities:**

The following activities are planned under the scheme-

- (i) Annual/Quick Survey/Evaluation Studies/Policy Research on MSME sector.
- (ii) Survey/Studies to compile the contribution of MSME sector in Country's GVA, GDP, Manufacturing Output, Industrial Output, Exports.
- (iii) Creating robust Data Base for MSMEs which includes the information of various statistical / economical parameters like number of registered MSMEs, New Set up MSMEs, employment in MSME sector, Sick, Closed etc. This will also help to assess the Post Covid impact on sector.

- (iv) Bring out publications on the basis of information available on the Udyam Portal and other secondary sources.

4. **Scheme components:**

The Survey, Studies and Policy Research (SS&PR) Scheme after merging the MSME Data Survey Scheme of O/o DC (MSME), the Scheme has two components which are given in the table below-
